

# The Tormes River from the Roman Bridge

## What we can see?

Looking upstream we see:

1. The towers and dome of the Clerecía
2. The University of Salamanca
3. The Cathedrals
4. The Aceña of Muradal
5. The Enrique Esteban Bridge
6. The Church of the Holy Trinity
7. The National Tourism Hotel

Looking downstream we see:

1. The Celestina Rock
2. The Faculty of Sciences
3. The Wall Houses
4. The Sánchez Fabrés Bridge

## Plants by the river

Growing by the river are:

- Reeds
- Bulrushes
- Willows
- Alders
- Black poplars
- White poplars
- Ash trees

## Interesting things

From the bridge, you can see a lot of sky and water.

- The water flows gently and is relaxing.
- There are many birds singing.
- In winter, you can see flocks of starlings flying.
- At night, you can hear owls.
- In spring, the plants turn green.
- When it rains, it's beautiful to see the drops fall into the river.
